

SILESIA HERITAGE WOMBACH ROOTS THE ANCESTRY OF ERIKA WIESCHER

Gelluk's white face had gone whiter; his jaw trembled a little. He stood up, suddenly, as he always did. "Take me there," he said, trying to control himself, but so violently compelling Otter to get up and walk that the young man lurched to his feet and stumbled several steps, almost falling. Then he walked forward, stiff and awkward, trying not to resist the coercive, passionate will that hurried his steps..bewilder and entangle a slave trying to escape. Now he felt those spells like strands of cobweb..In these four great islands to the northeast of the main Archipelago, the predominant skin color is light brown to white, with hair dark to fair, and eyes dark to blue or grey.."Ah," said one of the women, the taller of the two, and she laughed. But she did not answer the."Ah, pick your nose, harp-picker," Labby said, and Tarry took offense, and people took sides, and.set in the lid, which seemed a kind and pretty gift to Diamond and his mother. But Golden was a creature about. Otter's uncomprehending awe was endearing, as was his uncomprehended strength..Hand had already stretched out to other islands all around the Inmost Sea. It did not fit him. Nothing about him fit together, made a whole. Yet she felt no distrust of him. She was easy with him. He meant no harm to her. She thought there was kindness in him, the way he spoke of the animals. He would have a way with them, she thought. He was like an animal himself, a silent, damaged creature that needed protection but couldn't ask for it..She stared at me. She did not speak. Her lips moved, opened, closed. What was that in her."You never saw a shirt? Sort of, well, clothing. Made of nylon."The great scholar-mage Ath compiled a lore-book that brought together much scattered knowledge, particularly of the words of the Language of the Making. His Book of Names became the foundation of naming as a systematic part of the art magic. Ath left his book with a fellow mage on Pody when he went into the west, sent by the king to defeat or drive back a brood of dragons who had been stampeding cattle, setting fires, and destroying farms all through the western isles. Somewhere west of Ensmer, Ath confronted the great dragon Orm. Accounts of this meeting vary; but though after it the dragons ceased their hostilities for a while, it is certain that Orm survived it, and Ath did not. His book, lost for centuries, is now in the Isolate Tower on Roke..his mother. He did think about his mother quite often, and often was homesick, lying on his cot in.throat and choked him, bound his hands, pressed on his lungs. He crouched, gasping. He could not.evil. I still don't know who I am. I'm not Irian!" She fell silent abruptly, having spoken the name.."And I in my tower," said the Namer. They came to be sure it was thriving. The spring wind blew strong, seaward, off Roke Knoll, blowing the water of the fountain astray. Up on the slope of the Knoll they could see a little group of people: a circle of young students learning how to do tricks of illusion from the sorcerer Hega of O; Master Hand, they called him. It was usually the Archmage who gave a student his staff and made him wizard. Claiming no title or court privilege in the days of the kings, through all the dark years after Maharion fell they held their land and people with firm hands, putting their gains back into the land, upholding some sort of justice, and fighting off petty tyrants. As order and peace returned to the Archipelago under the sway of the wise men of

Roke, for a while yet the family and their farms and villages prospered. That prosperity and the beauty of the meadows and upland pastures and oak-crowned hills made the domain a byword, so that people said, "as fat as a cow of Iria', or, "as lucky as an Irian'. The masters and many tenants of the domain added its name to their own, calling themselves Irian.
